

National Workshop on Modern Interventions in Environmental Management December 30, 2020

Registration : <https://forms.gle/VBKs4brHWdKirqEj9>

Organized By

ICAR - Indian Institute of Agricultural Biotechnology
Garhkhatanga, Ranchi - 834 010, India

About the Workshop

Environmental management deals with the process, protection, and prohibition to save and sustain the health of mother earth. Besides the traditional tools and techniques, modern biological and biotechnological tools like phyto and microbial degradation of pollutants, biosensors, and recombinant DNA-based approaches are applied enormously for environmental protection and safety. Bio-plastics, bio-energy, and the application of biocompatible materials are gaining momentum as new age bio-techniques. Along with an array of programs organized during 'Swacchhta Pakhawada' (December 16-31, 2020), the organization of one-day National Workshop on Modern Interventions in Environmental Management by ICAR-Indian Institute of Agricultural Biotechnology, Ranchi on December 30, 2020, is aimed to provide a holistic view about the cutting age, new generation technologies related to environmental management.

Organizing Committee

| | |
|----------------------------------|---|
| Patron | Dr. Arunava Pattanayak Director, ICAR-IIAB |
| Convener | Dr. T.R. Sharma Joint Director (R), ICAR-IIAB |
| Co-convener | Dr. V.P. Bhadana Principal Scientist, ICAR-IIAB |
| Organizing Secretaries | Dr. Biplab Sarkar Principal Scientist, ICAR-IIAB Dr. Binay K. Singh Principal Scientist, ICAR-IIAB Shri. Kishor U. Tribhuvan Scientist, ICAR-IIAB |
| Co-organizing Secretaries | Dr. Avinash Pandey Scientist, ICAR-IIAB Dr. Sanjay Gupta Scientist, ICAR-IIAB Dr. Sujit Kumar Bishi Senior Scientist, ICAR-IIAB |

Speakers
Dr. Kishore Kumar Krishnani
Principal Scientist and Head (A)
Division of Aquaculture
ICAR-CIFE
Mumbai-400061

Dr. Snehasish Mishra
Associate Professor
PhD (Life Sciences)
and MBA (Marketing)
School of Biotechnology
KIIT Deemed University

Technical Programme

| Time | Event |
|----------------|---|
| 2.15PM-2.20PM | Welcome Address and About the Workshop by Dr. Biplab Sarkar |
| 2.20PM- 2.25PM | Address by Dr. T. R. Sharma |
| 2.25PM- 2.30PM | Address by Dr. A. Pattanayak |
| 2.30PM- 3.00PM | Deliberations by Dr. K.K. Krishnani Topic - Application of Environmental Biotechnology to Pollution Prevention; A Step Towards Clean India Mission |
| 3.00PM-3.30PM | Deliberations by Dr. Snehasish Mishra Topic- From Waste to Energy: Status of Odisha and the Way Ahead' |
| 3.30PM-3.35PM | Interaction and vote of Thanks |
