Garhkhatanga, Ranchi 834 010, India

The Govt. of India launched the Swachh Bharat Mission (SBM) as a country-wide campaign on 2nd October, 2014 with an aim to eliminate open defecation and improve solid waste management. For achieving this objective, integrated waste management (IWM) is a sustainable approach that covers generation, segregation, transfer, sorting, treatment, recovery and disposal in an integrated manner with an emphasis on maximizing resource use efficiency. One of the important components of the IWM is turning waste in to wealth. The workshop on “Integrated Waste Management: Turning Waste to Wealth” under the “Swachhata Pakhwara” being organized by ICAR-IIAB, Ranchi during Dec. 16-31, 2020 is aimed to provide insights in to various aspects of IWM for turning waste to wealth.
